

Combidec

Integrally encapsulated PVC outer cover for enhanced mechanical strength and thermal insulation. Combidec is suitable for low, medium & high pressure heating, ventilation and air conditioning supply or extract systems, for use in both commercial and industrial applications.

Diameter range	62mm- 610mm
Temp range	-30°C - +140°C
Air Velocity	Max 30m/sec
Working Pressure	Max 300mm WG Min ($\frac{D}{30} - 25$) x 9.81Pa
Material ALUDE	-45/CO-POLYMER laminated construction
External Colour	Grey
Standard Length	10m in carton
Fire Rating (Inner Core)	SABS 0177 Part 3 Class 1
Fire Rating (Outer Re-inforcing)	SABS 0177 Part3 Class 4
